

CHEYENNE

Leaders in Composite Fabrications

PVC Columns

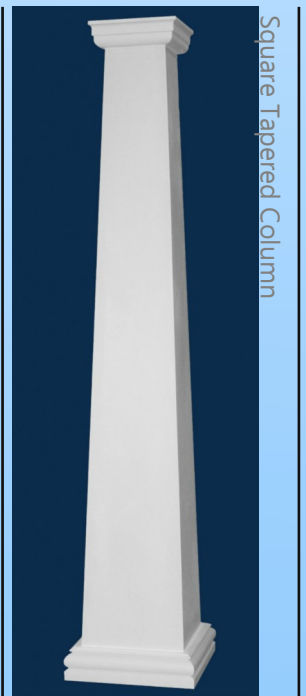

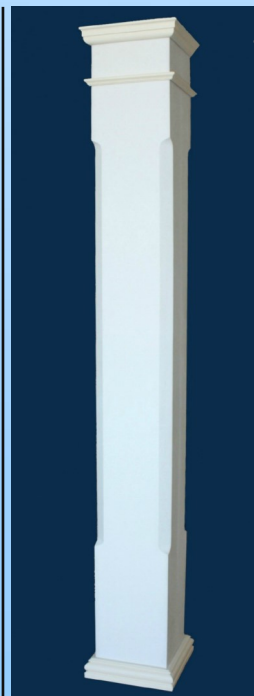

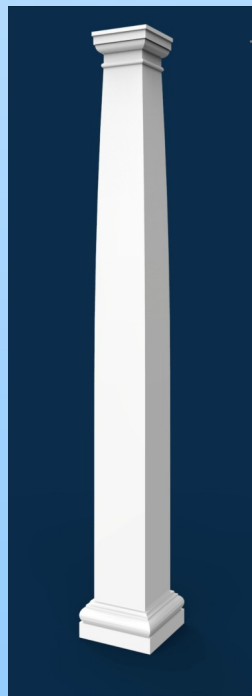

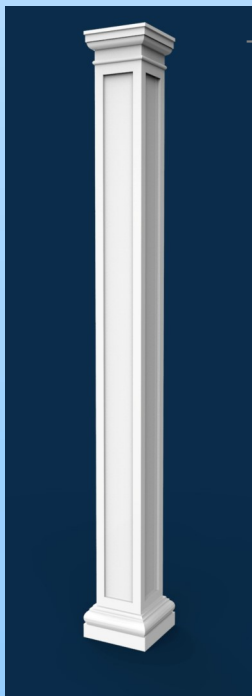

www.cheyennecompany.com

PRE-FABRICATED, PRE-ASSEMBLED, & PRE-FINISHED

Cheyenne PVC columns offer a comprehensive range of column assemblies as a versatile method to augment any project. An excellent alternative to wood, our advanced PVC construction combines aesthetically correct proportions with historical accuracy to achieve virtually maintenance-free, modern shop-fabricated solutions.

- Unique corner joints with integral locking miter detail
- Custom CNC Carving Capabilities
- Unlimited range of sizes available.
- Architectural entasis for square tapered columns available.
